

# Judo randori example

Last Modified: 30th April, 2014, 10:31 AM

Joanna found this video of Judo randori (free-style practice / sparring) in a tournament that was held in Madrid last month.

Randori can be thought of as the opposite of “kata”, which are prearranged forms and patterns, usually practiced solo.

For the record, it is better than a lot of the Aikido randori I have seen.
