Ryan Perry of the CQB Kajukenbo Club in the white shirt and black pants on the left, video in link at 0:34

Assailant on the right, had forced a screaming woman into his car.

Ryan distracted the assailant in question and the assailant charged him with a hammer. You can see Ryan put his hands up and start making some space, ready to go hands-on if necessary.

The distraction gave the woman in the car time to get out and run into the house. The assailant ran back towards the car and house when he realized the woman was getting out of the car.

Ryan and the woman are fine.

Way to represent the Ohana Mr. Perry!
