

What is Kajukenbo? - intro video from the Expose the Root Project

Last Modified: 20th March, 2017, 1:33 PM

There may be a documentary in the works about Kajukenbo.

It is in the fundraising stage now but you can see more here at the [Expose the Root Project: http://exposetheroot.com/](http://exposetheroot.com/)

The video is not bad. GM Emil Bautisa and a few others get a quick cameo in the video.

Apparently GM Emil Bautista, GM Andrew Torok, GM Philip Gelinas and more than 120 others have been interviewed for it.

Impressive goal... <http://exposetheroot.com/interviewed/>
